

THE ORTHOPEDIC EDGE

Supporting North Carolina's Athletes

EmergeOrtho Supports All Athletes in our Community

For many years, EmmergeOrtho has been committed to providing comprehensive support to athletes across North Carolina and in our communities. From our long-standing relationship as the official team physicians for the Durham Bulls since 1980, to our sponsorship of local amateur leagues like the youth and adult soccer players in Hickory, and to our partnerships with youth and national team soccer with the Wilmington Hammerheads FC, our involvement is significant.

We love supporting young athletes in the community. For nearly 30 years, we have been providing sports medicine services to student-athletes at Guilford County High School, in the Asheville City, Madison County, and Buncombe County Schools as well as at local colleges and universities such as The University of North Carolina at Wilmington and Cape Fear Community College.

Many EmmergeOrtho physicians are also deeply embedded in the local sports scene by serving as official team physicians for various school and amateur teams. This includes providing essential services such as game-day medical services, pre-season sport physicals, and guidance on injury management, demonstrating our dedication to the well-being of athletes at all levels.

Reflecting this commitment, many EmmergeOrtho orthopedic urgent care clinics also offer sports physicals and evaluations for athletes, meeting North Carolina High School Athletic Association (NCHSAA) requirements for student-athletes.

EmergeOrtho is proud to be a trusted partner in supporting athletes and the health of North Carolina communities.

Orthopedic Urgent Care

Another way we support our active community is with specialized orthopedic urgent care. Avoid the ER and general urgent care if you have a sports-related or other type of orthopedic injury. Our local offices provide convenient, expert, and timely assessment and treatment.
