

# EmergeOrtho

## YOUR FIRST STEP TOWARD HIGHER-VALUE ORTHOPEDIC CARE

Through your employer benefits, you have received a referral for services at EmergeOrtho.

Eligibility for \$0 out-of-pocket consultation cost should be confirmed through your benefits coverage.

### What to Expect

During your visit, your provider will:

- Review your condition
- Discuss treatment options
- Recommend next steps for care
- Determine if surgery may be needed

### EXAMPLES OF COMMON SERVICES THAT MAY QUALIFY FOR BENEFITS

#### In-Office

- Carpal Tunnel
- Trigger Finger
- Imaging
- Therapy
- Injections

#### Ambulatory Surgery Center (ASC)

- Joint Replacement (Hip, Knee, or Shoulder)
- Spine Procedures
- ACL Repair
- Foot and Ankle Surgeries
- Hand and Elbow Surgeries
- Many Others

Your recommended procedure/surgery coverage may or may not expand to the hospital setting. Our care coordinator will confirm.

### UNDERSTANDING YOUR COVERAGE

#### TO QUALIFY FOR \$0 OUT-OF-POCKET COST

- The recommended procedure must be one that your EmergeOrtho provider participates in under your employer benefits.
- Your EmergeOrtho provider must determine that it is medically appropriate to have the procedure done in the outpatient or in-office setting.

#### REGULAR COMMERCIAL INSURANCE COVERAGE

If your procedure does not qualify for \$0 out-of-pocket, **you may still move forward with your procedure/surgery** through your existing EmergeOrtho provider.

Your procedure would be covered under your regular commercial coverage medical plan. Deductibles, copays, or coinsurance may apply.

All treatment recommendations and surgical decisions are made at the discretion of your provider, based on your specific condition and care needs.

Employer direct pay benefits and commercial insurance are separate programs and do not cross-cover claims.
